Highlights

Delicious cappuccino

Enjoy a delicious cappuccino; a rich combination of coffee and fresh, hot milk crowned with a creamy foam layer, just like you can enjoy in coffee bars!

Large coffee pod variety

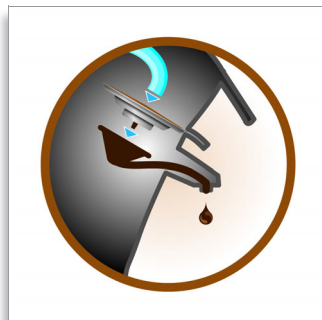

Each SENSEO® coffee variant is a harmonious blend of aromas and flavours with its own distinctive taste. The smooth crema layer completes your enjoyment.

Superior milk foam layer

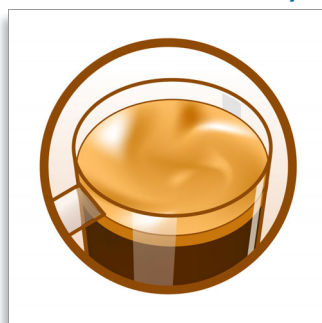

The unique patented milk frother transforms fresh milk into a 2cm thick creamy foam layer to top your favourite drink - a proof of superior quality every time.

Unique brewing system

Unique SENSEO® coffee brewing system from Philips and Douwe Egberts. Every cup is freshly brewed and prepared with the ultimate balance between coffee and water - a guarantee for a smooth, full taste and delicious aroma.

Delicious coffee crema layer

Delicious coffee crema layer as proof of SENSEO® premium coffee quality.

Integrated milk frother

The unique patented milk frother produces steamed milk for a nice frothy creamy top. Simply pour fresh milk into the milk container, push the button and watch while your favourite drink is being prepared!

1 or 2 cups at a time

With your SENSEO® Cappuccino Select coffee machine you can brew 1 or 2 cups of black coffee or 1 cappuccino with fresh milk at a time.
